Justification for Modification and Transfer of RDA 2009056:
The Office of Career, Readiness, Adult Learning and Education Options (CRALEO) is no longer the office of record for the series. The office of record is now the Office of Standards and Instructional Support. In reviewing the NAC for this series, the files must be maintained for the standard three-year period for auditing purposes and course approvals are effective for a period of three years. It is recommended that the retention be amended to 4 years since these are completed in both January and July. There would be some instances where a report would only be kept for 2.5 years and not the required 3 years if destroyed in July. Extending the retention to four years will insure the full audit cycle and avoid any possibility of the records being destroyed before the complete three years has lapsed. The agency is aware of and agrees with the request to transfer and the modifications. The addition of the phrase “from the end of the fiscal year in which” is in keeping with recommended business practices and adherence to Record Center policies. This allows state agencies to maintain consistency in the disposition of the records. A uniform policy across all schedules establishes the ability of the public to anticipate which records would be available at the time of their request. Publications are not official records and should not be on the retention schedule. Proposed description changes are for grammatical consistency. Staff recommends removing “these records” and “a period of” in the retention statement to make a more defined and accurate trigger event.
